The Alamo Field Trip

On this field trip we first went into the school gym and played a game to see what it felt like to be defending the Alamo.

Next, we loaded the bus and went to Mrs. Brown's house. While the adults made the fire we went and played around the creek. When the fire was going we roasted hot dogs and ate them. Then we measured the fields to see how big the Alamo mission was.

After that we went to the school and wrote a paper on what we had learned. This was a fun experience!

On February 17th, the 5th and 6th grade classes went to the New Fort Worth Museum of Science and History. While they were there, they got to experience hands on experiments. They even got to go on a flight stimulator test! In the museum the students went to a special exhibit called "The Engineering Exhibit," and they had an opportunity to talk with an Engineer.
